FOCUS ON...

New procedure Etudes en France!

From October 2021 onwards, students residing in Malaysia will have access to a new platform facilitating the application process for studying in France.

The procedure 'Etudes en France' will indeed offer the possibility to students to take all the necessary steps by using a unique entry point. They will notably be able to apply to a university or school, to pre-register and to submit the documents for obtaining a visa*.

**THE PLATFORM
ÉTUDES EN FRANCE**
What are the advantages?

- All the procedures are online, before the visa application
- Only one file for all your applications
- Special support from your Campus France office

MFUC will keep you updated about this new procedure on its website, go have a look!

**For the higher education institutions which won't be available for application on the platform, candidates will still have the possibility to apply directly to them and to get connected to the platform for the pre-consular step.*

If you have any questions, don't hesitate to write to info@mfuc.org

PORTRAIT OF A RESEARCHER

Dr Stéphanie Philippe

MANZALAB (FRANCE)

We introduce to you today Dr Stéphanie Philippe, Research and Development Manager at Manzalab.

Dr Stéphanie Philippe holds a PhD in Biotechnology from Université de Paris. During her post-doctorate training, she started to link the research and innovation sectors by participating to the creation of a start-up incubator.

She now works for the R&D department of a French company creating digital and immersive experiences for training and communication: Manzalab.

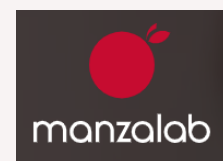

Manzalab is a company that offers training solutions with innovative tools. Using serious games and video games technologies, it combines neuroscience with immersive technologies, offering inductive pedagogy experiences. The company also procures solutions for virtual collaborative tools by generating immersive spaces (virtual showrooms, collaborative virtual reality conference rooms, etc.) using augmented reality.

Because of its implication in virtual training services, Manzalab took part to different Erasmus projects, in collaboration with training organizations, schools and universities.

It also sponsors and welcomes PhD students in its R&D team via an industry-sponsored education and research contract (*ndlr: bourse CIFRE in French*). The **CIFRE grants** enable doctoral candidates to prepare their thesis within a private company, in cooperation with a doctoral school.

Interested to know more about Manzalab or the collaboration opportunities with a French SME? Don't hesitate to contact Stéphanie Philippe.

Immerse in France – The game

MFUC, in collaboration with JomFrançais, is happy to present « Immerse in France », the Game. This online pedagogic support gives you the opportunity to take part in an adventure from Malaysia to France, directly from your computer or your smartphone.

Participants will have two weeks from June 23 to July 4 to play and try to win one of the 3 great prizes rewarding the first players to succeed in the game :

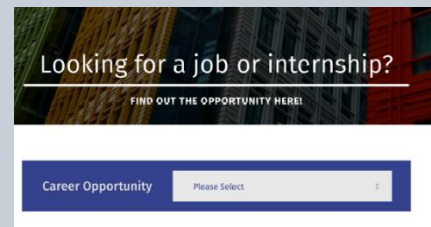

- First prize: a trip to France!
- Second prize: 15 hours of French lessons at the Alliance Française de Kuala Lumpur or the Alliance Française de Penang!
- Third prize: a cooking class with Paul Malaysia!

Ready to play? Click [here](#).

New Career Page on MFUC Website

MFUC is proud to announce that a new career page will be launched in July. This page will allow companies to publish job vacancies and internship opportunities, which will appear and be promoted on MFUC website. Alumni and students will be able to consult the offers and contact directly the companies.

Companies interested to know more, please contact career@mfuc.org.

New Location

After more than 8 years operated in Patent House, Jalan Bukit Bintang, MFUC will be moving into a new office in Binjai Tower, Jalan Binjai, Kuala Lumpur in July 1, hence facilitating access for students and cooperation with partners.

The new address will be:

MFUC - Unit 837, Menara Binjai, Level 8, No 2 Jalan Binjai, -50450 Kuala Lumpur

All the team is looking forward to welcoming you once the sanitary situation will allow it!

New MFUC Team Member

Since May 24, MFUC has associated a new member : Muhammad Iqmal Afifuddin AZMI. This a final year student in Bachelor of International Relations at the European School of Political and Social Sciences of Lille (France) will join as a summer intern until the end of July.

Studying in France and being part of MASAF 2020/2021 High Committee, MFUC highly appreciates his input and insights regarding the latest mobilities and activities of Malaysian students in France.
