ParisTech International Admission Program - 2022 Intake

ParisTech International Admission Program
APPLICATIONS OPEN!

Apply simultaneously to
7 French Grandes Ecoles of Engineering,
from June 1st to September 21, 2021
<https://studywithus.paristech.fr/en/home>

Program open to top bachelor students
in S&T, graduating this year or the next.

AgroParisTech | Arts et Métiers | PSL | ESPCI PARIS PSL | Université Paris-Saclay | PSL

ParisTech, a consortium of 7 French engineering schools among the best, opens its International Admission Program to a **dozen new regions and countries in Asia in 2021**: Cambodia, Hong-Kong, India, Indonesia, Japan, Laos, Macao, Malaysia, Taiwan, Singapore, South Korea, Thailand and Vietnam.

Bright undergraduate students in S&T, engineering or quantitative economics, with good academic records, **can apply for admission into a 2-year education program at master level (“Diplôme d’ingénieur”)** starting in September 2022 in one of ParisTech schools:

AgroParisTech

Arts et Métiers Sciences et Technologies

Chimie ParisTech - PSL

École des Ponts ParisTech

ESPCI Paris - PSL

Institut d'Optique Graduate School

MINES ParisTech - PSL

Applicants should have successfully completed at least 6 semesters of a Bachelor's degree at their home university by September 2021. We strongly recommend that they have excellent academic records, with strong command of mathematics and physics.

Application process

The admission program is a 4-step process: online application, scientific test, interview, admission by a ParisTech school. Each step should be satisfactorily completed to move on to the next one.

Calendar

1 June 2021 - 21 September 2021: Online applications

28 September 2021: Online scientific test (in English)

18-29 of October 2021: Interviews (either in English or French, depending on the candidate's choice)

20 November 2021: Publication of admission results

Good to know

- Application is free
- No need to speak French when applying (candidates will have to learn it only once admitted)
- The whole application process is completed online
- Departure to France in 2022
